# HEART AND SOUL ADOPTIONS

YOUR FULL-SERVICE LICENSED CHILD PLACEMENT AGENCY

## *Birth Fathers Rights*

Since it is sometimes the choice of birth mothers to travel to the State of Utah and deliver their children, there may be occasion when a birth mother has conceived in another State and has not informed the birth father of her adoption plan, or her intent to place the child with a family in the State of Utah. Because of that decision, there are inherent risks that you must understand and accept in regard to the rights of the birth father. Since the Agency takes the word of the biological mother as to the whereabouts or identity of the putative father, you understand and agree that any challenge by an out of State putative father shall be borne solely by you as the adoptive family and may create both substantial expenses to defend and substantial risks in the placement of the subject child.

I have read and understand the risk involved.
